

PVC FLEXIBLE VENTILATION DUCTING

- * Mining
- * Industrial
- * Air Craft

Temperture Range: -30°C~450°C / Customized
Size customized & Flexible

Features

- * 100% waterproof
- * UV Proof
- * ECO-Friendly
- * Tear Resistant
- * Mildew Resistant
- * Acid & Alcali Resistant
- * Dust Resistant
- * Fire retardant UL94 VTM-0

Application

-15°C ~70°C

-30°C ~100°C

-25°C ~450°C

Industrial Area

There are many styles and configurations of PFV hoses, which are widely used in exhaust emissions in airports, tunnels, basements and other places. The material of the PFV hose is thermal insulation, fireproof, environmental friendly and no peculiar smell.

Aviation

Coal Mine

- ◆ Light weight & Easy to operate
- ◆ Professional processing and customization
